How professional was he to work with during the shooting process?

As professional I would have wanted him.

Were you Happy with him throughout the shooting process?

yes, very good quality of work. Pleasure to be around

Anything that could of been improved?

The sound log (but i understand there should have been someone helping him so i don't mind at all)

Things he did well?

*Good knowledge of what he needed to do
good foley sound and mixing too*

Were you happy with him throughout this process?

yes

How professional was he to work with during the post production process?

very professional, worked very hard

Things he did well?

Foley work in such a small amount of time

Are you happy with the finished product? State Why

High quality sound like we intended

Out of 10 what would you give the overall product?

9/10

How good was the communication between you and Jack throughout the process?

very good clear use of communication Not information overall during busy times kept information vital

Would you work with him again?

yes
